

Evogloss high gloss panels ensure formation of new combinations in modern and elegant kitchen, bathroom, house design, furniture and decoration works. Front side of panels is covered with glossy and various decorative surfaces, while back side is covered with white melamine decor paper.

DIMENSIONS

1220x2800 mm,

Thickness of 8-16-18 mm.

Available in different thickness, if ordered.

CHARACTERISTICS

Mirror effect, vivid colors, resistance to scratching, stain resistant (olive oil, acetic acid solutions, red wine, cola, coffee, tea and milk), resistance to cleaning products (dishwashing liquid, laundry detergent, bleach), easy to clean, water resistant, modern designs...

PANEL STORAGE AND CLEANING

Store the product at 10 C° to 30 C°. Keep the product away from long term exposure to direct sunlight and other sources of heat. The product will be damaged at temperatures over 70 C°

clean the surface with water and soapy cloth.

Please do not use alcohol, solvents and corrosive materials to clean the surface.

** The products covered with protective film layer minimize production damages and protect the glossy panel until the product is finished.*

Colors might vary on digital media. Please compare with an original sample.
